Creating a great law firm work environment means actively developing a workplace that attracts and cultivates the most talented new legal minds.

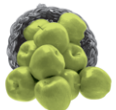

At Alexander Holburn we have a partner committed exclusively to the recruitment, retention, and professional development of our students and associates.

Our Ascend™ Training Program is one of the most comprehensive in-house training programs of any law firm in Canada. We also provide mentorship and individual marketing coaching to our junior lawyers.

We benchmark our progress by surveying our associates annually to learn from them what we do well, and what we could do better. All of these actions contribute to creating a dynamic workplace that helps our lawyers consistently put fresh ideas into practice.

For more information on how we are bringing fresh thinking to the practice of law, visit our website at www.ahbl.ca.
