

JOHN
CHAO
DIRECTOR, IT

BIOGRAPHY

John leads a team of dedicated IT professionals in supporting all facets of information technology infrastructure, data, and applications.

John is an accomplished IT professional with over 25 years of experience in leading organizational change and digital transformation for both private enterprises and Crown corporations. Prior to joining to Alexander Holburn, he was VP of Technology at Nexii Building Solutions. He has also served as Director of Enterprise Architecture with the Mark Anthony Group, and formerly led what was then the largest outsourcing transaction in Canada at BC Hydro with Accenture.

ON A PERSONAL NOTE

In his spare time, John is a licensed skipper and certified in coastal navigation; enjoys spending time with his family and his Australian shepherd; tracking cars at Area 27, and maximizing yield from his backyard garden.
