

JOHN
CRONIN
DIRECTOR, IT

BIOGRAPHY

John Cronin is responsible for overseeing all the firm's technology needs including managing the IT Help Desk and advising the firm's leadership on best practices in software, hardware, and all systems needed to ensure the secure day-to-day operations of the firm.

A people-focused IT professional, John's passion for problem-solving started at an early age. This enthusiasm for helping others combined with a commitment to ongoing learning and development has continued throughout John's professional life, making him well-suited to lead this exciting area of legal management.

ON A PERSONAL NOTE

Outside the office, John is an average golfer and proficient skier who enjoys travelling to new places. He also enjoys physical challenges and recently completed his first half Iron Man and marathon. In his downtime, John loves hot and cold therapy, reading, and learning new skills.
