

KERRI  
**GARNER**

DIRECTOR, HUMAN RESOURCES

## BIOGRAPHY

Kerri Garner worked with Alexander Holburn Beaudin + Lang LLP for over 10 years between 2000 and 2012 and has now rejoined the firm after a six year period where she developed her HR knowledge and skill with directorships in an international restaurant/franchise company, in another full service law firm and in the tech sector. Kerri brings her long history with AHBL and her invaluable experience with the wider business and tech communities to bear on the firm's desire to not only be an efficient and enjoyable place to work and learn, but to facilitate new ideas and ways of working together for the good of our clients and staff.

Kerri and her team are responsible for all aspects of people development, recruitment, compensation and benefits, talent management and organizational development in our workplace. Working closely with our COO and firm leadership, Kerri is an integral part of managing the continuing growth and development of the Alexander Holburn team.

Kerri is a Certified Professional in Human Resources (CPHR) and an active member of the BC Legal Management Association and contributes significantly to the ongoing mentoring of other HR professionals to advance their professional development.

## ON A PERSONAL NOTE

Outside the office, Kerri enjoys spending time with her family, including two happy dogs, as well as hitting the squash courts and riding her Vespa just as much as she can.
