SENIOR PROJECT MANAGER

BIOGRAPHY

Linda joined Alexander Holburn in 2023 and is a Senior eDiscovery Project Manager. Linda is a Certified Specialist in eDiscovery and a Relativity Certified Administrator. As a Senior eDiscovery Project Manager, Linda is involved with all aspects of an eDiscovery project including budgeting, designing strategic workflows to meet project scope, timeline, and cost from inception to conclusion. Linda works with lawyers, paralegals, and clients providing strategic solutions and best practices in all aspects of eDiscovery, from data identification, collection, processing, analysis, and review to production, and trial preparation.

Linda has experience working with different eDiscovery tools and platforms in a variety of cases from simple to complex litigation, and collaboration projects involving different stakeholders and vendors. Linda is continuously taking courses and studying to keep up with new advancements in the fields of law and technology. She strives to be an early adopter of legal technology and is passionate about putting her knowledge and skills into practice.

ON A PERSONAL NOTE

Linda is a book enthusiast and spends her free time reading fiction. She also enjoys photography and volunteers as a photographer for non-profit organizations.
